

# High Desert Bulletin

January 2022

---

## Board Meeting Briefs:

The December Board Meeting was cancelled.

## Announcements:

*HOAMCO Walk-in Hours:* Changes are being made to HOAMCO office hours so HOAMCO staff can have blocks of time for responding to emails, performing project management, and attending staff meetings. The office will be open for walk-ins and appointments Monday through Friday from 10 am to 3 pm. Appointments are not required during this time but are encouraged. From 8:30 to 10 am and from 3 to 5 pm, HOAMCO staff will be focused on task management and meetings. More information about contacting HOAMCO can be found at <https://highdesertliving.net/Contact/HOAMCO/index.html>.

*Board Election:* Positions are open for three Board Directors for two-year terms beginning in April 2022. If you are interested, please submit a Statement of Interest for Board Director by February 13, 2022 at <https://highdesertliving.net/Detailed/16.html>. Candidates for Board Director are chosen by a Nominating Committee that is interested in homeowners' comments. Please email Camille Singaraju ([bsingaraju@msn.com](mailto:bsingaraju@msn.com)) if you would like to discuss any board issues. A time will be scheduled for you to present your concerns to the Nominating Committee. For more information about the election, refer back to the November Apache Plume, which can be found on our website at [November Apache Plume](#). Keep any eye out for more updates about the election process in the February Apache Plume.

*Attention Gated Villages:* If your gate call box does not respond, put your phone on speaker and press 9 twice. Parts are on order and an update is expected in January.

*High Desert Park Renovation:* The City of Albuquerque has scheduled renovations for the High Desert Park playground. Construction will occur over several months, likely January through March. The playground area will be closed throughout this renovation. More information is on the High Desert website [highdesertliving.net](http://highdesertliving.net).

*Sunset Ridge Luminarias:* Thanks to Marcia and Ricardo Castillo for coordinating the Sunset Ridge luminaria event on December 24. The display was beautiful, and placement was done to minimize any threat from wildfires. Look for a story in the February Apache Plume. Thanks also to Joseph Coston for capturing the event in the beautiful photos at <https://adobe.ly/3mzIOm3>.
